

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

FOREIGN AND INSULAR.

AFRICA.

Report from Lourenço Marquez—Case of suspected plague at San Jose de L'hanguene confirmed.

Consul Hollis reports, August 12, as follows:

I have just been officially notified of the result of the necropsy on the cadaver of the suspected plague patient. The case is described as one of attenuated plague.

No further suspicious cases have been reported, and the authorities are giving clean bills of health.

See Public Health Reports, September 2, 1904, page 1788.

AUSTRIA-HUNGARY.

Report from Fiume—Inspection of immigrants.

Acting Consular Agent La Guardia reports, September 2, 1904, as follows:

Steamship *Pannonia*, sailed September 1; destination, New York, steerage passengers inspected, 1,524, rejected, 3; pieces of baggage inspected and passed, 2,675; pieces of baggage disinfected, 300 (used feathers and bedding and all baggage belonging to Russians coming from dubious territory).

BRITISH HONDURAS.

Report from Belize, fruit port.
